P12LARGEREV09

1, 11, and 21, Meijer and Covington are inappropriate references and should be withdrawn. Accordingly, the combination of any additional reference, such as Carney, is likewise improper as Carney also fails to teach storage of a door extension within the interior of a cotton receiving basket of a cotton harvester. It is thus believed that Claims 6-9, which depend from Claim 1; Claims 16-19, which depend from Claim 11, and Claims 26-29, which depend from Claim 21, are thus patentable over Meijer in view of Covington, and further in view of Carney.

In summary, and in accordance with the foregoing amendments and Remarks, it is believed that pending Claims 1-30 are in position for allowance. It is further believed that a one-month extension of time fee is due for the filing of this Amendment. Thus, the United States Patent and Trademark Office is hereby authorized to charge \$120.00, or any additional fee required to secure entry of this Amendment, to deposit account No. 03-1025. The Examiner is requested to contact the undersigned at the telephone number appearing below if such would advance the prosecution of this application.

Respectfully submitted,
